Thank god, Eddie is back!

I could go on about how glad I am that Eddie is finally back in a game and how much it means to me that he's being remembered. But I won't, since that would be a review in itself.

Although I was disappointed by the number of legends added this year, I'm glad that we finally get Eddie and Sycho Sid. Sid was teased in a previous games and finally he's here. I don't know enough about Tatanka, Brutus Beefcake, or Greg Valentine to give glowing reviews about them being added, but honestly, playing as them has been very fun.

These were very good picks for legends, but I really wanted more. I was hoping for Roddy Piper or Sgt. Slaughter, but no luck there. Maybe next year we will see them.. Viva La Raza!
